Directions for use

GENERAL REMARKS:

Carefully stir the contents in the pack.

Maintenance: in worn-out areas, impregnate a rag or distribute evenly with the brush and rub the surface. After some minutes, rub again with a soft rag to remove product rests and obtain the required finish.

Restoration: To remove imperfections caused by scratches or rubbing, impregnate the brush stuck in the bottle cap and apply a thin coat on the area to be treated. Allow to act for a few minutes and dry with a soft rag; repeat application if necessary. If the rest is not in good condition, proceed as in 1st).

Depending on the wood absorption, in worn-out areas, a determined shade of TITANLUX Restorer can be more or less intense. Control the amount of product applied or change shade.

Precautions

Always read the pack label before use. For more information, please refer to the Safety Data Sheet.

Issue date: 2016-03

Any technical sheet is automatically cancelled by a subsequent sheet or five years after the issue date. We guarantee the quality of our products. However, we disclaim any liability in relation to factors other than the coating itself or in relation to an unsuitable use or application method. In case of doubt, please refer to our technical service before applying the products.
