

# UNIVERSAL OIL

**Product Code:** 091 0002

## Description

Vegetable oil to be mixed with oil colours, especially cold or light shades.

## Fields of Application

It does not alter the shades of oil colours. Ideal to be mixed with white colours, pastel colours and colours which are to remain fast and avoiding yellowing.

Used in too large amounts or by too thick coats, it can produce wrinkling and some yellowing in light colours.

## Directions for use

### GENERAL REMARKS:

To be mixed with the oil colour, according to the artist's requirements, to obtain more transparency, gloss and fluidity. With brush or spatula mixed with oil colours on linen and cotton canvas, etc...previously primed with Gesso Universal Primer.

Please note that in dark environments it yellows easily, however the effect disappears with exposure to natural light.

## Precautions

Always read the pack label before use. For more information, please refer to the Safety Data Sheet.

Issue date: 2014-11

Any technical sheet is automatically cancelled by a subsequent sheet or five years after the issue date. We guarantee the quality of our products. However, we disclaim any liability in relation to factors other than the coating itself or in relation to an unsuitable use or application method. In case of doubt, please refer to our technical service before applying the products.
