

# PETROLEUM SPIRIT

**Product Code:** 091 0032

## Description

Very volatile mineral thinner with a soft odour to thin oil colours, varnishes and driers. It evaporates without leaving any residue.

## Fields of Application

Ideal to apply first coats (thin). It enhances the application of oil colours and stimulates their drying, without leaving any residue.

Suitable to obtain a variety of effects such as veiling, transparencies, especially in backgrounds. If used in excessive amounts to thin oil colours, it may cause crackling, splitting, or shadows produced by the different porosity of the paint, especially in the topmost layers of the work.

It can also be used for equipment cleaning

## Technical Data

<b>Colour (UNE EN ISO 11664-4)</b>	Colourless
<b>Density (UNE EN ISO 2811-1)</b>	0.77 - 0.80 Kg/l
<b>Flash Point (UNE EN ISO 3679)</b>	41 °C
<b>Pack sizes</b>	1 l, 250 ml and 100ml

## Directions for use

### GENERAL REMARKS:

Thoroughly mix the oil colour and the petroleum essence, to obtain the suitable fluidity for the work to be performed.

Because of its good thinning power, a wide variety of mixing rates can be possible, always depending on the requirements of the user.

## Precautions

Always read the pack label before use. For more information, please refer to the Safety Data Sheet.

Issue date: 2015-03

Any technical sheet is automatically cancelled by a subsequent sheet or five years after the issue date. We guarantee the quality of our products. However, we disclaim any liability in relation to factors other than the coating itself or in relation to an unsuitable use or application method. In case of doubt, please refer to our technical service before applying the products.
