<b>Pack sizes</b>	60 ml

Variations in temperature, humidity, thickness, tinting or surface type, etc. may lead to changes in drying, in coverage or in other properties.

## Directions for use

### GENERAL REMARKS:

Apply the first layer of colour with the TITAN Handicraft Acrylic paint (Matt or Metallized), or Acualux. After it is dry, apply the TITAN Cracking Varnish. When the varnish is dry, apply the second layer of colour, in order to produce a contrast with the first layer. The thicker the colour layer is, the more noticeable the cracking effect becomes.

## Precautions

Always read the pack label before use. For more information, please refer to the Safety Data Sheet.

Issue date: 2016-03

Any technical sheet is automatically cancelled by a subsequent sheet or five years after the issue date. We guarantee the quality of our products. However, we disclaim any liability in relation to factors other than the coating itself or in relation to an unsuitable use or application method. In case of doubt, please refer to our technical service before applying the products.
