<b>Thinning</b>	Water
<b>Equipment Cleaning</b>	Water
<b>Pack sizes</b>	50 ml.

Variations in temperature, humidity, thickness, tinting or surface type, etc. may lead to changes in drying, in coverage or in other properties.

## Directions for use

### GENERAL REMARKS:

Carefully stir the contents in the packs. The surfaces have to be clean and dry.  
If some TITAN Arabic Gum is added, the colour will get thinned and this will give more gloss and shade vividness.

## Precautions

Always read the pack label before use. For more information, please refer to the Safety Data Sheet.

Issue date: 2014-09

Any technical sheet is automatically cancelled by a subsequent sheet or five years after the issue date. We guarantee the quality of our products. However, we disclaim any liability in relation to factors other than the coating itself or in relation to an unsuitable use or application method. In case of doubt, please refer to our technical service before applying the products.
